Long way  
Ha, ha, ha

Hey, hey, hey  
I don't believe any word you say  
There must be somebody else today  
To call on the line

My, my, my  
How many times did you make me cry?  
You must've taken me for a fool  
But that was a lie

Now, another chance to say maybe  
Do you think I'm really that crazy?  
Do I need to tell you  
Why, why, why?

I'm thinking it's a  
Long way down  
Every time I turn around, you're headed for a  
Long way down

Time, time, time  
For you to learn to read the signs  
You better stick to your own kind  
Get outta my way

Go, go, go  
I've never met anyone so cold  
I see you walking along the edge  
Falling into the hole

Now, an easy thing to discover  
No way you're pulling me under  
You're head is on the  
Wire, wire, wire

It's gonna be a  
Long way down  
Every time I turn around, you're headed for a  
Long way down

Hey, hey, hey, yeah

Now, another chance to say maybe  
Do you think I'm really that crazy?  
Do I need to tell you  
Why?

Now, an easy thing to discover  
No way you're pulling me under  
You're head is on the  
Wire, wire, wire

I'm thinking it's a  
Long way down  
Every time I turn around you're headed for a  
Long way down  
Hey, hey, hey, yeah

Long way down  
Hey, hey, hey  
Long way down  
Long way down  
Long way down
