Hear I stand, and I dont know why
Why should I wait, when I'm ready to fly
I had that feeling, right from the start
That I've been shot, straight into my heart

But I can't stand to walk by myself
Down the rocky road of my life
This precious time is ticking away
An' I'll do anything if I can make you mine, baby
You are the reason I live
When the sun goes down
We dive in the night, baby
You are the reason I give
Give you all of my heart
Instead of my pride , instead of my pride
I see your face everywhere I go
I hear your voice in the wind that blows
Sometimes I wonder am I loosin' ground
But I know good lovin' is so hard to be found

But I can't stand to walk by myself

Down the rocky road of my life
This precious time is ticking away
An' I'll do anything if I can make you mine, baby

You are the reason I live
When the sun goes down
We dive in the night, baby
You are the reason I give
Give you all of my heart
Instead of my pride

You are the reason I live
When the sun goes down
We dive in the night, baby
You are the reason I give
Give you all of my heart
Instead of my pride
