"Take Me"

He came walking through fire
I saw him walk on water too
A kind of living wire he's not like me and you... yeah,
true

You can't demand reaction
He just holds the line
To get his satisfaction,
It's only a matter of time
A matter of time

No more, lonely figures in the night
Gotta find a way to break out free, yeah!
Why don't you

Take me, take me, take me to the wall of the big
emotion
Take me, take me so I can see

The mirrors of destiny

He just gotta snap his fingers
And everything's just there around
Be careful, never hide
The sun before his eyes, before his eyes

No more lonely creatures in the night
Gotta find a way to break out free, yeah!
Why don't you...
