Ooh yeah yeah

In my thoughts, you're there as ever
In my dreams, we stay together
See your face in every place I go

And here I stand, the great pretender
Borrowed times, I do remember
I need you more than you will ever know

I do complain
To live without your love's to live in vain

What can I do to make you love me?
What can I say to make you smile?
Won't you gimme that sign I'm waiting after?
Don't turn away, don't turn away

How will I know this is the right time?
How will I feel this is the right place?
I'm walking on fire, forever, after
So what do you say? What do you say?
Tell me what do you say?

I'll be the one for you to lean on
Fill your mind with things to dream on
One step away to catch you when you fall

You and I, today, tomorrow
Trust your heart and what will follow
Feel the love I'm dying to give to you, yeah

I do complain
To live without your love's to live in vain

What can I do to make you love me?
What can I say to make you smile?
Won't you gimme that sign I'm waiting after?
Don't turn away, don't turn away

How will I know this is the right time?
How will I feel this is the right place?

I'm walking on fire, forever, after
So what do you say? What do you say?
Tell me what do you say?

What will it take to make things right?
What can I do to change your mind?
Gotta find a way to get to you

So what can I do to make you love me?
What can I say to make you smile?
Won't you gimme that sign I'm waiting after?
Don't turn away, don't turn away

How will I know this is the right time?
How will I feel this is the right place?
I'm walking on fire, forever, after
So what do you say? What do you say?
Tell me, tell me

What can I do? Tell me, what can I say?
Don't turn away, don't turn away
'Cause I'm walking on fire
So what can I say? So what can I say?
