Slow down, make it last
I'm having the time of my life
And take your photograph
I don't want to leave this behind

What seems so out of reach
We're holding it right in our hands
Let's give up everything
Let's jump in and never look back

Slow down, make it last
I'm having the time of my life
And take your photograph
I don't want to leave this behind

What seems so out of reach
We're holding it right in our hands
Let's give up everything
Let's jump in and never look back

This is all I ever wanted
But life got in my way
You're all I ever wanted
I didn't see how it could change
That something was missing until today

The city comes alive
As soon as you walk through the door
Another sleepless night
But I don't want to sleep anymore
I don't want to sleep anymore

This is all I ever wanted
But life got in my way
You're all I ever wanted
I didn't see how it could change
That something was missing until today

Climbing so high
Just don't look down
We can see everything from here
For once in my life

Feet off the ground
I don't wanna come back down
Take your photograph
I'm having the time of my life

This is all I ever wanted
But life got in my way
You're all I ever wanted
I didn't see how it could change

Nothing could get in the way
You're all I ever wanted
Didn't know
What I was missing until today
