I thought I was your lover
Bound and gagged in flames
I dressed up like your mother
So you can call me names
But I can't be your bitch anymore

You pushed me off my heels
And tore my brand new dress
You made me up like zsa zsa
To entertain your guests
But I can't be your bitch anymore

I was your baby but never your queen
You be the bitch sometime
You'll see what I mean

If I were free to slap you
When you spit out my name
I'd make you wear the rubber suit
And bow your head in shame
Cause I can't be your bitch anymore

I was your baby but never your queen
You be the bitch sometime
You'll see what I mean

Now I can't be your lover
Your mother or your queen
Your sweet submissive Josephine
Who kneels to kiss your ring
And I can't be your bitch anymore
