(Kevin Russell)

The first time I gazed upon that glorious thing It made
we wanna dance and
Delightfully sing

I Whirled and twirled and laughed til I cried, I was so
ecstatic until I
Realized

It was not mine nor would it ever be.

Then a storm of emotion swept over me

My heart was broken, my hands were tied, my one
desire had been denied

Maybe it's a dream, maybe it's a thing, maybe it's
something that you've
Never seen

Maybe it's happiness, maybe it's love or maybe yer
waiting for something to
Come from above

Maybe it makes you feel like you never succeed,
maybe it makes you feel
Like you never get what you need.

It's a feeling that comes from within, it's universal
between women and men

We just wanna be loved, we just wanna be whole, we
just wanna get back what
We feel like was stole from us as a child when we got
schooled.

Man that wasn't fair, that wasn't cool

There ain't no rule, there at no law that says we ever
get what we want at

All

We all know life ain't fair but we forget it when desire
becomes despair
