I can't do it, baby
Oh, I've tried so hard
But I can't do it, baby, no

I can't quit you, baby
Gotta put you down for a little while
Hey, I can't quit you, baby
I've gotta put you down for a little while

You know you messed up my mind baby
And made me miss you, my only child

I'm so sad, I could cry
Sometimes I feel like
I could just lay down and die
I'm so sad, I could cry, baby
Hey, I could just sit down and die

You're the only one that I loved, baby
Oh, you are my desire

When you hear me moaning and groaning
Don't you know you hurt me deep down inside
Hey, when you hear me moaning, moaning and
groaning
You know you hurt me deep down inside, yeah

But when you see a smile on my face, baby
Don't you know that [incomprehensible]
Made everything alright

I can't quit you
I can't quit you, baby
Oh, I can't quit you, baby
Gonna put you down for a while

You're messin' my mind, girl
Made me miss you, my only child
