I put on my shirt and I put on my tie
We're off to the courthouse - an eye for an eye
It's all so much bullshit, we all know its true
They just tally up numbers - they don't care about you
It's bullshit - you know it's true
it's bullshit, what the fuck am i gonna do
it's bullshit - there's no way out
it's bullshit - and im fucking screwed
arrest, conviction
these fucking police - their whole fuckin system
if it doesnt stop now, where will it end?
trump up more charges and fuck me again!

It's bullshit - you know it's true
it's bullshit, what the fuck am i gonna do
it's bullshit - there's no way out
it's bullshit - and im fucking screwed
on with the suit, on with the tie
they'll lock me away till i fuckin die
arrest, conviction
sometimes the truth can be worse than the fiction
It's bullshit - you know it's true
it's bullshit, what the fuck am i gonna do
it's bullshit - there's no way out
it's bullshit - and im fucking screwed
bullshit
