

Government Warning "Self Destruct"

Visit "[Self Destruct](#)" on MotoLyrics.com

Everybody running around in circles
never progressing or growing
fucking rats in a rat-race
each one just waiting for their turn to grow old & die
mindless & spineless
no fucking challenge against what they're told is true
just content to be average or mediocre
be what they're born into
i'm done with this
i'll push the fuckin button
i won't be a part of it

i'm gonna self destruct
media and government news
we're brainwashed
i'd be happy to blast myself
but i'd never give those bastards the satisfaction
everybody running around in circles
never progressing or growing
they're gonna be what they're born into
i'm gonna self destruct
this is fuckin' burning me up
i'm gonna fucking explode
