You walked into the diner
and I saw your pretty face,
I closed my eyes
for you to be replaced
with that handsome face
next to me.

He smiled and asked for coffee.
When I look at him
he can see I'm in love,
but do I know,
Do I know...

Does he love me,
Does he care.
Cant he see I'm always there,
to help him with all his needs.
Repeat Chourse

Does he see ____ that I love
him,
does he see I'm there,
can he see I cant resist his
beautifullong hair,
does he love me,
does he care.

Repeat Chourse

Does he love me,
does he care
