(G. Thomas)

Pablo ain't got no savoir-faire  
and his pants smell strange -  
no he doesn't really care  
Turn on the TV -  
Pablo's there  
And if you want some work done  
just watch him disappear  
Pablo? Pablo!  
He'll slink into your living room,  
hide under a throw pillow  
He'll match your upholstery  
He'll steal your remote control  
He'll steal your remote control

He'll steal your remote control!  
Watch out!  
He's one in a billion  
Beware of the Couch Chameleon  
(repeat)  
Pablo sits there in his underwear  
and his socks don't match  
and he hasn't washed his hair  
But you can walk in the room  
and you won't notice him there  
And when the girls sit down  
Pablo grins from ear to ear
