(G. Thomas)
Pardon me for living
but see here now I'm almost done
Don't you know
this ain't where I'm supposed to be?
But who was I to think
that I could make you understand -
something that's always been
a mystery to me?
Please don't follow me
Can't you see I'm just
a victim here of circumstance
No, none of this misery
I brought upon myself
All I ask and all I need
is just one more chance...
and then one more chance...
and then one more chance...
Nowhereland, Nowhereland
Nowhereland, Nowhereland,
n
owhere.
I know I'm not the kind

to drown myself in self-sympathy
Pardon this fey expression
on my face...
But who was I to think
that I might take this anywhere -
if I don't save me
from this wretched place?
(refrain)
Yet, in my hour of despair -
nowhere to run
she finds me there -
Without a word -
her touch - her smile
wil soothe my raging heart
And lift from me this burden,
girl, I know you care
I will look to a new horizon
Take my hand, girl

We'll fly from here
Ah, we're gonna watch the walls
just disappear
(refrain)
