Lend me your,
give me your, hand.
For one more,
just one more, night.
I am taking, all these times.
I won't forget, I won't forget.
And you'll never, see me again.
See me again, See me again.
I can't stop myself from thinking,
where you are, where you are.

Well now don't pick up that phone.
And try and tell me
what you've realized.
I am taking, all these times.
I won't forget, I won't forget.
And you'll never, see me again.
See me again, See me again
