I know I know,  
Iâ€™m a bastard and you wish you never met me.  
I know I know,  
Iâ€™m a coward and you wish death upon me.  
I know I know,  
Iâ€™m covered in your blood and it paralyzes me.  
I know I know...

These dreams of you and me are hard to come by.

Please stop your sighing, I was not lying.  
When I said that I still loved you,  
You just needed someone to hold on to.

Do you remember the night we died?  
I drove us straight into your lake.

You didnâ€™t want me to push the break.

You were screaming not to push the break.

Donâ€™t push the Break!

I KNOW I KNOW!!!...

I know I know,  
Iâ€™m a bastard and you wish you never met me.  
I know I know,  
Iâ€™m a coward and you wish death upon me.  
I know I know,  
Iâ€™m covered in your blood and it paralyzes me.  
I know I know...

These dreams of you and me are hard to come by.

Death upon, death upon, death upon, death upon me!  
Death upon, death upon, death upon, death upon me!
