da da da da da da.....(x4)

(verse one)

six clock, the sun is comin up  
i'm still worried bout  
the way we left things last night  
but boy you know i tried  
to keep everything inside  
but there just wasnt control

(chorous)

so let the sun come up  
take me away  
cuz i dont wanna be right here  
i'm sorry bout  
what i had to say  
so let the sun take me away

(verse two)

my emotions boy  
are runnin wild  
i feel like a little a child  
i cant handle this  
not for one more day  
so let the sun take me away

(chorous)

so let the sun come up  
take me away  
cuz i dont wanna be right here  
i'm sorry bout  
what i had to say  
so let the sun take me away

(bridge)

ooh boy i know we were goin strong

i cant take no more  
of this i cant handle it....

(chorous)

so let the sun come up  
take me away  
cuz i dont wanna be right here  
i'm sorry bout  
what i had to say  
so let the sun take me away

(chorous x2)  
fades away...
