Brian Setzer
"Sexy 17"

Hey man........I don't feel like going to school no more
Me neither, can't let ya go, no way dadio, yea
I aint going to school, it's much to early for me
Well listen man, I aint going to school no more
It is much much to early for me
I don't care about reading, writing, arithmetic, or
history
I'm gonna walk to the corner and meet my little Marie
I'm gonna walk to the corner and meet my little Marie
Well she's the only girl in this whole world who
understands me
Well she's sexy and 17, my little rock a boat queen
That's a little bit I seen, got to let off a bit of steam
Dig that sound and shake it around your body, body,
body
Johnny and Eddie and Me and Jeena and Jerry
Are gonna do a little number on the teacher when she
turns her back
We're gonna cut outta class take the girls by the
railroad track
Well it's a Friday Miss Baniac you gotta hear
Just a dollar ticket and 25 cents a beer
They played the rock and roll music like it hasn't been
rockin' for years
Well she's sexy and 17, my little rock a boat queen
That's a little bit I seen, got to let off a bit of steam
Dig that sound and shake it around your body, body,
body
Guitar Ride.......
Well when I feel that rockin' heat
I can't sit still up out of my seat
Come on baby jump around your feet
Can't learn nothin in school they don't teach you on the
street
Woah Woah Woah Woah baby I like your style
Woah Woah Woah Woah baby I like your style
You don't care what the other kids say you go wild
Well your sexy and 17, my little rock a boat queen
That's a little bit I seen, got to let off a bit of steam
Dig that sound and shake it around your body, body,
body
Dig that sound and shake it around your body, body,

body
Dig that sound and shake it around your body, body,
body
