Well I finally got my wish to work in New York city,
It isn't everything that I hoped it would be,
I while away the lonely hours, gazing at the city towers,
Wondering if there isn't someone in there just for me,

Am I ever gonna fall in love in New York City?
Will I ever find a home so far from Tennessee?
There's no future in the single bars, nothing but the one
night stars,
Am I ever gonna fall in love in New York City?

My ambition and wish ?
But I'm missin the tradition,
Everybody in a hurry,
No ones got the time and no ones got the time of day.

Am I ever gonna fall in love in New York City?
Will I ever find a home so far from Tennessee?
There's no future in the single bars, nothing but the one
night stars,
Am I ever gonna fall in love in New York City?

One city is'nt pretty if you see it on your own,
It's a fabulous place ?
There's no one I know to cherish, no one I can hug,
and no one around day.

Am I ever gonna fall in love in New York City?
Will I ever find a home so far from Tennessee?
There's no future in the single bars, nothing but the one
night stars,
Am I ever gonna fall in love in New York City?

Am I ever gonna fall in love in New York City?
Will I ever find a home so far from Tennessee?
There's no future in the single bars, nothing but the one
night stars,
Am I ever gonna fall in love in New York City?

Am I ever gonna fall in love in New York City?
Will I ever find a home so far from Tennessee?

Theres no future in the single bars, nothing but the one
night stars,
Am I ever gonna fall in love in New York City?
