Crush, rush
Crush, rush
Rush, blush
Crush, crush

It's a crush, come to my place
And take of your shirt, stay a while
[Unverified] make you smile
Crush, crush, I'm need a rush
You make me blush, I gotta crush

You can getta way with murder, push me a little bit
further
You come to me with danger, then treat me like a
stranger
Got a crush, needa rush, you make me blush, I gotta
crush

Lets not get heavy, chemistry is [unverified], don't
fight decisions, baby
Don't leave them behind, love me for a little while
With your cool decision, I'll work you with my file
She's no competition

Crush, I gotta rush
You make me blush
I gotta crush

We can getta way with murder, crush me a little bit
further
We say we are lovers, we love undercover

Crush, I gotta crush
You make me rush
You made me blush
You give me rush

Ah ha, you make me blush
Too close for comfort, long as I don't get hurt
I gotta crush, it's a little to close for comfort
Long as I don't get hurt

'Cos, we can getta way with murder, crush me a little
bit further
Come to me in danger, then treat me like a stranger
'Cos, we can getta way with murder, crush me a little
bit further
We say we are lovers, we love undercover

Crush, you make me blush
You make me rush, you play rough
Ah, I'm not tough, I gotta crush

I gotta crush, hypnotize me
I gotta crush, tantalize me
I gotta crush, mesmerize me
I gotta crush, hypnotize me
