Fame, like to make me a name, nothing less than the  
best for me,  
Fame, trading love for a name, ? , no one to blame but  
me.  
You were the one who, ? , to love me,  
I, ? , place,  
You were the one that I needed,  
?

Where are you?  
Can't you hear me singing for you baby?  
Where are you?  
Come on back, I need you, won't you save me?

Fame, burning bright as a flame, but it drove you away  
from me,  
Fame, what's the use of this game, if I cant have you  
back with me.  
Making the big time, making the money, some how it  
don't seem to take the place of,  
? , and I never see your face.

Where are you?  
Can't you hear me singing for you baby?  
Where are you?  
Come on back, I need you, won't you save me?

Where are you?

Can't you hear me singing for you baby?  
Where are you?  
Come on back, I need you, won't you save me?

Fame, gonna drive me insane, it drove you away from  
me,  
Fame, so alone with my name, even that don't belong  
to me.  
Running away won't help me forget you,  
I ? to find you and end this race so.,  
Like ? is so lonely,  
? one night stands that never take your place.

Where are you?  
Can't you hear me singing for you baby?  
Where are you?  
Come on back, I need you, won't you save me?

Fame, what's the use of this game if I can't have you  
back with me?  
Fame, all alone with my name, even that don't belong  
to me.  
Fame, tried to make me a name, I've got no one to  
blame but me.  
Fame, gonna drive me insane, like it drove you away  
from me.  
Fame, tried to make me a name, I've got no one to  
blame but me.
