Darling I, I was a fool
Oh, what a fool, I thought you were cool
Now I'm a victim of things that you do

I just wanted someone to love
So I became a victim of love

Lonely nights spent all alone
By a lonesome telephone
You never called, you'd never come

I just wanted someone to love
So I became a victim for love

Darling I, I was a fool
And so you used me
Just like a clown

Oh, I just wanted someone to love
So I became a victim for love

Mon cherie, j'etais une folle
Complettement conne, tu n'etais pas con
Je veux te baisser, tu le mal que tu m'as fait

Oh, I just wanted someone to love
So I became a victim for love

Why did you let go? Why did I lose?
When did love slip away?
I though we were always going to stay
Oh baby, where were you when I needed you?

Oh, I just wanted someone to love
So I became a victim of love
