You did your dirt,
You did your wrong
So, Suffer
You had your fun,
And now it's done,
So, Suffer,
Take that!
And That!
Take that!

Stop!

I didn't think,
I was only having fun,
I didn't know,
I was hurting anyone
Is it bad?
To put me through all this
All this pain,
You're driving me insane.

I didn't think,
I was only having fun,
I didn't know,
I was hurting anyone
Is it bad?
To put me through all this
All this pain,
You're driving me insane.

You did your dirt; you did your wrong,
So, suffer,
You had your fun, and now it's done,
So, suffer,
Take that!
And That!
Take that!

Stop!

I never thought,
It could ever be like this.

I didn't think,
It could ever come to me
Hurt and pain,
Is what I'm going through
Just how long,
Settle all the wrong.

I never thought,
It could ever be like this.
I didn't think,
It could ever come to me
Hurt and pain,
Is what I'm going through?
Just how long,
Settle all the wrong.

Take that!
And That!
Take that!

Stop!

You did your dirt,
You did your wrong
So, Suffer
I did the dirt,
I did the wrong
So I, Suffer
You had your fun,
And now it's done
So, Suffer
I had my fun,
And now it's done
So I, Suffer
