The mercury's rising  
And there ain't no disguising  
What you do do do do to me

It won't stop raining  
And there ain't no explaining why I feel,  
Feel, feel a warm summer breeze

Oh babe you make me feel like it's a  
Hot summer night  
Even though it's the middle of the winter  
And it's really bad weather  
It's a hot summer night  
When I'm next to you, baby

The weather is frightful  
But if you stay for the night  
It'll be like a long, long, long day at the beach

Don't let it go to waste  
Cause, baby just a taste  
Would be sweeter, sweeter, sweeter  
Than a Georgia peach

Oh babe you make me feel like it's a  
Hot summer night  
Even though it's the middle of the winter  
And it's really bad weather  
It's a hot summer night  
When I'm next to you, baby

Oh it's a hot summer night

Even though it's the middle of the winter  
And it's really bad weather  
It's a hot summer night  
When I'm next to you, baby

I took my temperature and told my brain to rearrange  
Cause the thermometer was saying something very  
strange  
Outside my window it was lookin like a winterland

But here inside, we were lovin' in the sand on a

Hot summer night  
Even though it's the middle of the winter  
And it's really bad weather  
It's a hot summer night  
When I'm next to you, baby, baby

It's a hot summer night  
Even though it's the middle of the winter  
And it's really bad weather  
It's a hot summer night  
When I'm next to you

It's a hot summer night  
(Hot summer night)  
Baby, it's a hot summer night  
(Hot summer night)  
It's a hot summer night  
(Hot summer night)
