Wake up, wake up, wake up, wake up
Mr. Columbus, Mr. Columbus
Get up, get up, get up, get up
You gotta help us, you gotta help us

Pick it up, pick it up, pick it up
'Cause there ain't no way around it, no way around it
Let's go, let's go, let's go
I, I think we've found it, I think we've found it
I think we've found

We found the edge of the world
The edge of the world
We found the edge of the world
The edge of the world

It's alright, it's alright, it's alright, it's alright
We'll think of something, we'll think of something
Just step up, step up, step right up
Come on and jump in, come on and jump in

I know, I know, I know, I know
Just what you're scared of, just what you're scared of
You just, you just, you just, you need
A little good shove, you need a good shove
You need a shove

Over the edge of the world
The edge of the world
Over the edge of the world
The edge of the world

When you run right into something
They said you'd never find
You gotta ask yourself if this ain't
All inside your mind

But I see it and I believe it
This ain't no great divide
So me and Mr. Columbus are going
Going to the other side

We found the edge of the world
The edge of the world
We found the edge of the world
The edge of the world

We found the edge of the world
The edge of the world
We found the edge of the world
The edge of the world

Mr. Columbus
Mr. Columbus
Mr. Columbus
Mr. Columbus
