My lonely heart was made for two
It beats too slowly without you
You wanna know what we can be
But you won't give your love to me
Oh, I'm calling your name
But you won't listen
Oh, if love is made for two..
Then there's one heart missing
One heart missing
Tonight the sky is burning blue
Horizon cuts right into you
You'll be the moon,
I'll be the sea
And you can shine your light on me
Oh, I'm crying your name
But you won't listen
Oh, tonight was made for two..
But there's one heart missing
One heart missing
Oh, I will follow you
No matter where you roam
I'm holding all the cards
There's only one
One heart missing
One heart missing
One heart missing
One heart missing
