It's only love
It's only love

I wake up with my hair on fire
I need something to water me down
I can't keep walking on this wire
I gotta move, I gotta come around

It ain't gonna kill me
If I can stop before we start
What don't kill you makes you stronger,
It's only my soul, It's only my heart
And it's only love
It's only love
It's only love
And I can give you up, yes I can

I wake up with my mind unwinding
I got a strange tingle in my toes
I fall asleep and dream of finding
Somebody who really knows
It ain't gonna kill me

If I can stop this before it starts
What don't kill you makes you stronger,
It's only my soul, It's only my heart
And it's only love
It's only love
It's only love
And I can give you up, yes I can

I need to loosen my grip just a little bit
I feel this love like a stranglehold
But there's something stopping me from losing it
There's nothing harder than letting go

But it's only love
It's only love
And I can give you up, yes I can

But it's only love
It's only love

And I can give you up, my baby
