Transform, liberate, navigate and regenerate Re-evaluate the inexcusable judgment Of all those who surround us Believe in the deceit

You must believe Believe in the You must believe The sensory deprivation The seduction to distract

To induce and decay
To induce and decay
To induce and decay
To induce and decay and decay

Injected the virus of ignorance Swallowed through media manipulation The primal source of intoxication

The intervention to infect and misdirect us From the hideous crimes of The grand deception The grand deception
