Are we here to understand or to survive?  
We are building mountains  
The blueprints are being drawn  
Yet breathless words pour from these eyes  
Mounds lay like bodies in the morgue side by side

In ashes we lie, in ashes we lie  
We're so unkind  
We're so disguised  
In ashes we lie, in ashes we lie

Are we here to understand or to survive?  
Smoke screens and bandages cannot hide the icons  
In architecture that stand as archives of colossal  
structure  
Assembled to destruction, layer in degrees of gray  
scale coating

In ashes we, in ashes we lie  
So travel broken rivers across manufactured  
landscapes  
And along the rebuilt curve of the planet  
Yet breathless words pour from these eyes, now
