I still remember lying on the couch  
My one arm falling numb  
The other with a little much to do  
Your breath on my neck

Made me lose my concentration  
Made me lose my concentration  
I don't think we even got through the movie  
I don't think we even got to my room

Take it down and from the under  
I would have told her  
That she was pretty, and that I love her eyes  
Yeah, she was pretty, and that I love her eyes

If I could see her face what it would tell me  
Moments like this never last  
If I could see her face what it would tell me  
Moments like this never last

And I wish it was seamless  
That there was no pain  
There is no way  
Why do we do, what we do

And I wish it was seamless  
That there was no pain  
There is no way  
Why do we do, what we do

I still remember what we do  
I still remember what we do  
And I still remember  
And I still remember
