When opinion is brought  
On by suggestion  
The anecdote is not evidence  
Enough for handouts

Of daily anesthetic  
To disguise the next disappointment  
Or as eating brains  
Can cure primitive intellect

The history of my mistakes  
Bases on the pretense  
Of being paid to paint  
Over spiders as important

Of daily anesthetic  
To disguise the next disappointment  
Or as eating brains  
Can cure primitive intellect

Instead of listening to the leaves  
As they amplify the beat, the beat of the rain  
We take a hammer to the head  
We take a hammer to the head
