In dreams you know I'm learning
All the time I keep turning
Trying to be the one
Trying to be the one
Trying to be the one

But you know I wish I could show you
Just what is inside my head
That makes me feel that makes me feel
The way I do the way I do

In dreams sometimes I'm ching
Hoping for someone to wake me
Running for my life
Running for my life
All night

But you know how hard it can be
Living like a dreamer like me
Sometimes afraid oh! so afraid
In my dreams
