(Graeme Edge)

There's something we'd like to say
About the way that we feel today
You know we'd just like to float away
In the end it must be that way
You know that nothing is real or true
Unless it happened to me or you
And you just have to come on thru
You know there's nothing else you can do
Last night I nearly died
I nearly cried
My heart inside me aches me
Takes me
Breaks me
Fakes me so
No sign of love, no hope of anything

1974 Threshold Records (side A, which celebrated the
band's
inception)
We like to
We like to do it
We like to do it all the time
REPEAT
And when we've done it
You know my honey
You know that you will feel so fine
REPEAT
No one seems to understand us
The way we always carry on
Lying on our backs
Painting the cracks
Basking in the midday sun
We like to
We like to do it
We like to do it all the time
REPEAT
And when we've done it
You know my honey
You know that you will feel so fine

REPEAT
We like to have fun
We like to have sun
The way it always was before
So now we'll take our chance
And go live on the land
And there we'll have so much fun
I'll feel so free, just you 'n' me
Living on the land of the Lord
And the way things they are
Will be better by far
Living the way we did before
We like to
We like to do it
We like to do it all the time
REPEAT
And when we've done it
You know my honey
