We like to
We like to do it
We like to do it all the time

Repeat

And when we've done it
You know my honey
You know that you will feel so fine

Repeat

No one seems to understand us
The way we always carry on
Lying on our backs
Painting the cracks
Basking in the mid-day sun

We like to
We like to do it
We like to do it all the time

Repeat

And when we've done it
You know my honey
You know that you will feel so fine

Repeat

We like to have fun
We like to have sun
The way it always was before
So now we'll take our chance
And go live on the land
And there we'll have so much fun

I'll feel so free, just you and me
Living on the land of the Lord
And the way things they are
Will be better by far
Living the way we did before

We like to
We like to do it
We like to do it all the time

Repeat

And when we've done it
You know my honey...
