Do you know what this is?
Two keys of uncut crystal meth. What is this shit?
That shit's crystal meth.
You think I like this haircut?

My wife wants me to stay at the Ramada.
Utah, meet Deatz, Deatz, Utah.
Fort fucking Lauderdale.
Why be a servant of the law when you can be its
master? Dipshit. Utah, will someone please tell me how
they're supposed to rob Tarzana city national on
August second?

Warchild's splintered battle cry,
oh shit nice tattoo.
War, war, war warchild.
