You have killed our women and children, bombed our cities from afar like cowards, and you dare to call us terrorists? The first weapon will be detonated on an uninhabited island as a demonstration. I'm going to kill you pretty soon. First I'm going to use you as a human shield, then I'm going to kill this guy over here, then I was thinking about breaking your neck, you know these handcuffs? I fucking picked them. But now, the oppressed have been given a might sword, to strike back the enemies, this is a Soviet MIRV-6 with plutonium trigger. In 90 minutes a ball of holy fire will light up the sky we??Â™ Il show the world we speak the truth. The yield is 10 kilotons. Crimson Jihad
