Makin' up for losin' time
I just need somethin' I can wait for
Tell me where to draw this line
Where it ends, I'm never sure
The dust settles the answers
Are covered and then blown away
Dried petals just ly on the table
Cause they don't know how to change
Cause we don't know how to change
Yeah

Maybe I don't want to leave it all to fate
Maybe I wont keep my head on straight
Maybe I'm scared that you wont be there
Maybe I'm just one day too late
Maybe I'm wrong as I will ever be
Maybe your words, they were lost on me
Maybe I said what you thought in your head
Maybe I didn't think it could wait
Are we ten years away from maybe a day too late

Waking up with you I know
You're the one I wanna live for
Tell me where to draw this line
Cause anything you need, I'll give more

Maybe I don't want to leave it all to fate
Maybe I wont keep my head on straight
Maybe I'm scared that you wont be there
Maybe I'm just one day too late
Maybe I'm wrong as I will ever be
Maybe your words, they were lost on me
Maybe I said what you thought in your head
Maybe I didn't think it could wait
Are we ten years away from maybe a day too late

Maybe I don't want to leave it all to fate
Maybe I wont keep my head on straight
Maybe I'm scared that you wont be there
Maybe I'm just one day too late
Maybe I'm wrong cause I left last night

Maybe I don't want the past out of sight
Maybe I said what you thought in your head
Maybe I didn't think it could wait
Are we ten years away from maybe a day too late
Are we ten years away from maybe a day too late
