So I'm down here like you wanted
Why am I not sleeping in your bed
it's 3 o'clock in the morning
Are you all over me again?

You're the one I can't figure out
And the one I can't forget
You got me worked up and locked out
I got to stop
Messing with you
Messing with my head

Jessica, can't solve this equation
And it's tearing me apart
Jessica, game's not worth playing
If you don't finish what you start

Starting over without you
You'd be the first thing in my past
We'll sleep alone
I wont call you on the phone
But we know that wont last

Jessica, can't solve this equation
And it's tearing me apart
Jessica, games not worth playing
If you don't finish what you start

It's the hardest thing to let you go
But I'm leaving tonight
It was good for me
Was it good for you?
Goodbye

Jessica, can't solve this equation
And it's tearing me apart
Jessica, games not worth playing
If you don't finish what you start
Come on finish what you start..
