So it didn't go to plan
It's hard to understand
But now I know this is just our story
I will set out on my way
You're never in one place
And now I can learn to walk before we,

Run away to the sin,
It's just me
It's just you
One day at a time

When nothing's for sure
We can throw the past away now
Cause we don't need it anymore
One day at a time
Cause I still believe that it's ours for the taking
I know that we can make it one day
At a time

Yeah, we hear it from our friends
They tell us how this ends
But they don't know this is not their story
I know we will find a way
We're gonna be okay
Cause I'm here
You don't need to worry

Now all we should be
Is just you and me
One day at a time

When nothings for sure
We can throw the past away
Cause we don't need it anymore
One day at a time

Cause I still believe that it's ours for the taking
And I know that we can make it
One day, One day at a time

We'll flee the memories like the dark, the in between
I want everything
And love I know will carry us
With you I'll always have enough
We'll work together through this life
One day at a time

So It didn't go to plan
It's hard to understand
But now I know this is just our story

One day at a time
When nothings for sure
We can throw the past away now
Cause we don't need it anymore

We've got the rest of our lives
and I still believe that it's ours for the taking
and I know we're gonna make it
one day, one day at a time
one day at a time
