I want to say I'm sorry  
But I'll never know what for  
I wanna take you back to the way it was before  
I want to call and apologize like I don't have a choice  
I want to say the words you want to hear just to hear  
your voice

But you're on your way now  
So far away now  
Yeah you're on your way now  
I'll let you go  
I'll let you go somehow

I want to say it's over, don't want to say goodbye  
I want to give up everything, just to give it one more try  
I wish that things were different and not so black and  
white  
And how we lost a battle  
We didn't even fight

But you're on your way now  
So far away now  
Yeah you're on your way now  
I'll let you go  
Unless you go somehow  
Will i make it on my own  
My heart you can take it, it's yours  
It's hard we've been waiting  
I know we can't stay here  
I know it's too late now

So here I am  
Swallowed my regret  
Sometime I can't remember, Sometimes I can't forget

But you're on your way now  
So far away now  
Yeah you're on your way now  
I'll let you go  
I'll you go somehow  
And I'll let you go

I'll let you go somehow
