You're leaving me here
I want you to know that
I wanted you there
You were the best thing in my life

Somehow I know
Someone is on the other side
You're turning me over
I'm letting you look so deep inside

Cellophane Girl
Playing a part in a cellophane world
Cellophane Girl
See through me [2x]

Hello there girl
You leave a sweet taste in my mouth
On the edge of the world
She'd rather jump than just look down

You're taking me under
You're leaving me dry
We're coming up with lies and lies and lies
Yeah

Cellophane Girl
Playing a part in a cellophane world
Cellophane Girl
See through me
See through me
See through me
See through me

You're leaving me here
I want you to know that I
I wanted you there
You were the best thing in my life

Somehow I know
Someone is on the other side
You're turning me over

I'm letting you look so deep inside

Celophane Girl

Playing her part in a celophane world

Celophane Girl

See through me

See through me

See through me

See through me
