It's been one year to the day,  
Since I watched you drive away,  
Leaving me with only street lights glowing,

But here we are now face to face,  
Fumbling all the words to say,  
Hiding through this that I don't want to show it now,

But I am useless, young and stupid,  
thinking I'll get over you,  
I make excuses, but the truth is,  
But the truth is,  
I can't forget about you.

We spend every day and night,  
and never left eachothers sight,  
I never did ask you what you're thinking,

Cause it's been one year to the day,  
and here we are now face to face,  
Now I feel that I am slowly sinking,  
down.

and I am useless,  
young and stupid,  
for thinking I'll get over you.  
I make excuses,  
but the truth is,  
It's the best that I can do,  
I can't forget about...

Everynight I stayed up thinking,  
my minds made up.  
Every memory I hold onto.  
If I could only have a minute  
I know I could finally saying everything,  
I feel for you,  
I feel for you.

I am useless, young and stupid,  
thinking I'll get over you.  
There's excuses, cause the truth is,

there's nothing left for me to do.

I can't forget about you,  
Forget about you.

Can't forget about you.

I Won't forget about you.  
Forget about you.

Can't forget about you.
