And I am hollow as she beckons me
A million years its has taken me
The words that are escaping out my mouth
She can't find the words to say
In a moment she can't take
And her wings won't spread to let her fly south
Runaway, she's a runaway
And all the roads less traveled on
Are sorched with footprints laid upon
With bare feet and virgin eyes
The independence that she fakes
Is the dream she has to face
And its easy to believe in your own lies
Runaway, she's a runaway
And soon she will wake up
And take off her makeup
Its been so long since she's seen her skin
And the scars show from the places she's been
Runaway, she's a runaway
She's a runaway
Runaway
And I am hollow as she beckons me
A million years its taken me
The words that are escaping out my mouth
She can't find the words to say
In a moment she can't take
And her wings won't spread to let her fly south
Runaway, she's a runaway
Runaway
Runaway
