Late again
Alarm ringin' in my head
I pull the curtain
Try to get me outta' bed
And I've been thinkin'
I'm not feelin' quite like myself anymore....no....
My ears are ringing
Words runnin' through my head
The neighbor's screaming
The paper's soakin' wet again
And I've been thinking,
But you probably wouldn't understand at all...no, no,
no, no
(chorus)
I wanna feel the sand beneath my toes
Wanna' disappear where no one knows
Maybe I'll be back in time
And all I wanna' do is shine
So let it shine
Late again
Alarm ringin' in my head
I pull the curtain
Try to get me outta' bed
I wanna' feel the sand beneath my toes
Wanna' disappear where no one knows
Maybe I'll be back in time
And all I wanna' do is shine
Wanna' feel the sand beneath my toes
Wanna' disappear where no one knows
Maybe I'll be back in time
And all I wanna' do is shine So let it shine
Let it shine
Let it shine
Let it shine
