Sorrows army
Sorrows army bleed
Sorrows army
Sorrows army bleed

Sees his chest wide open
Falls to his knees

Sorrows army
Sorrows army bend
Sorrows army
Sorrows army bend

Sees the darkness and
Prays for for pain and sand
Track your bodies homewords
Mend your broken minds
There's another way
Still time to say

Bye bye

Bye bye
Bye bye
Bye bye

Sorrows army
Sorrows army smile
Sorrows army
Sorrows army smile
Sees his wife a holding
His little darlin child

Have you tired of what you see
Is it all pain and greif
Oh your outa time now
No time to say

Bye bye

Bye bye

Bye bye
Bye bye
Bye bye
Bye bye
Bye bye
Bye bye

Sorrows army
Sorrows army die
Sorrows army
Sorrows army die

Sees his wife at home and
Feels his body cry

Mend your broken minds now
Sing your empty hymns
Oh it's time to die now
No time to say

Bye bye

Bye bye
Bye bye
Bye bye
Bye bye
Bye bye
Bye bye
Bye bye
