I'm writing you
For the hundredth time
'Cause ninety-nine, you threw away
In my mind
A thousand times
I've said everything I wanna say
Yea, I've said everything there was to say
But you find a way
To keep me hanging on
You find a way
To make everything go wrong
It's the way you lose me
Say you choose me
Then pass me by like you never knew me
You find a way to lead me on
I changed my mind
A thousand times
But circumstances stay the same
I told you no
An hour ago
And I've said everything there was to say
Yea I've said everything I need to say
But you find a way
To keep me hanging on
You find a way
To make everything go wrong
It's the way you lose me
Say you choose me
And pass me by like you never knew me
'Til I find a way of moving on
And when I think I figured out
I found a way to live without
You come around and everything's all wrong
I'm waking up alone tonight
Remember when the time was right
You're only here a moment, then you're gone
But you find a way
To keep me hanging on
You find a way
To make everything go wrong
It's the way you lose me
Say you choose me

And pass me by like you never knew me
Well I find a way
You find a way
To keep me hanging on
You find a way
To make everything go wrong
It's the way you lose me
Say you choose me
'Til I find a way of moving on
I've said everything I wanna say
But you find a way to lead me on
I'll find a way of moving on
