Why can't you realise, just get more paralised  
Then get the rabble round, and shoot the arrows out

Go write a new song, you're so discerning  
Fall out of my tongue, it's quite determined  
Don't think of stopping when you see the stop sign  
Just listen to the groovy records till the morning

Disjoint the pint  
Just shunt the point  
Tough break man  
It's not enough  
Completely tough  
F\*cking enough

You mind me standing here, talk through your  
adenoids  
They're sharpening their knives, a pull before you rise

I wrote a new song, while I was touring  
Man, it was no fun, totally boring  
Don't think of singing till you see the white eyes  
Turn up the fuzz and dull your senses till the morning

Why can't you realise, just get more paralised

I'm feeling pretty much back where I started and it's  
quite concerning me

Someone gonna give you advice until the morning  
Giving you continual advice until the morning  
[x5]

Someone gonna give you advice until the morning

Just push it to the back of my mind [x3]  
Expand to the back of my mind  
Extend to the back of my mind [x4]
