That's it, I gotta get out  
Before we fall out again  
You say, go get a life  
Put down the knife, my friend  
Just be mine  
Just be mine

Can I sleep on the floor  
Or even the corridor  
Don't want to be on my own  
Or talk on the phone no more  
Just be mine  
Just be mine  
Just be mine

You try the patience of saints  
And that is just what I ain't  
Just stop wasting my time  
Catch me before I faint  
Just be mine  
Just be mine  
Just be mine
