Empty eyes meet mine in the moonlight
You're thinking that it's all true
I wanna talk but I can't get the words right
I can tell that it's killing you
But I don't know what we're gonna do

So don't, don't listen to the rumors
Now, who's been talking to you anyway?
Don't listen to the rumors
You don't wanna know what they're saying

Silk stockings and a call from a stranger
I know that it don't seem right
I'm not gonna say that I've been an angel
Just to get you through the night
But I think it's time we got things right

So don't, don't listen to the rumors
Now, who's been talking to you anyway?
(He's been fooling you)
Don't listen to the rumors
You don't wanna know what they're saying

What's all this talk about truth and devotion?
Is there anything you're sorry for?
I think it's time we got it out in the open
If it's just a thing you can't ignore
'Cause you're the only thing I'm living for

So don't, don't listen to the rumors
Now, who's been talking to you anyway?
Don't listen to the rumors
(He's been fooling you)
You don't wanna know what they're saying

(You poor girl, it's time you found out)
Don't listen to the rumors
Now, who's been talking to you anyway?
(I saw him last night)
Don't listen to the rumors

You don't wanna know what they're saying

(Don't you know what he's been doing?)
Don't listen to the rumors
(He's been fooling you)
Don't listen, ooh, don't listen to the rumors
Don't, don't, don't, don't, don't listen to the rumors
