"Where Love Lies Tonight"

Somewhere, somehow, I've found you
Could love me all my life
Fall into my open arms
Where love lies tonight

Only lonely hearts can break
I see it everyday
Underneath a crushing weight
Love flies away

How many times have I loved and lost?
If only my heartaches could heal
How many times can I count the cost?
Knowing the way that I feel

When you walked into my heart
My life just opened wide
Giving me a brand new start
Where love lies tonight

How many times have I loved and lost?
If only my heartaches could heal
How many times can I count the cost?
Knowing the way that I feel

Somewhere, somehow, I found you
Could love me all my life
Fall into my open arms
Where love lies tonight
Where love lies tonight
