Somewhere, somehow, I've found you  
Could love me all my life  
Fall into my open arms  
Where love lies tonight

Only lonely hearts can break  
I see it everyday  
Underneath a crushing weight  
Love flies away

How many times have I loved and lost?  
If only my heartaches could heal  
How many times can I count the cost?  
Knowing the way that I feel

When you walked into my heart  
My life just opened wide  
Giving me a brand new start  
Where love lies tonight

How many times have I loved and lost?  
If only my heartaches could heal  
How many times can I count the cost?  
Knowing the way that I feel

Somewhere, somehow, I found you  
Could love me all my life  
Fall into my open arms  
Where love lies tonight  
Where love lies tonight
